**With Titus' destruction of Jerusalem Temple at 70 AD**

**BC/AD numbers are the common chronology in error**

**BC/AD Calendar is Still in use today**

**BC year Errors are noted in the BC column, colored Gray**

**One Example to deduce Errors in Ussher's BC/AD Calendar**

**Ussher defined Messiah's birth in both 4 & 6 BC**

**Ussher defined Destruction of Jerusalem Temple in 70 AD**

**Current teachings Define these dates as Landmarks**

**Re-calculated Dates**

**Messiah was born 4th year of 187th Olympiad, Creation Year cy3841**

**All men to be taxed in their own city, and Mary brings forth her firstborn son** (Luke 2:1-5, Antiq 18.1.1-2)

**Same yr Antony & Cleopatra died in Alexandria** (Antiq 15.5.1, 15.7.3)

**Titus Destroyed Temple in 2nd year of Caesar Vespasian cy3888**

**On 1st year of 197th Olympiad** (Wars 5.13.6, 6.4.8)

**Olympiad 187 to 197 is 10 Olympiads**

**Olympiads were 5 years - commonly counted as 4 years**

**10 Olympiads times 5 years equal 50 years**

**Messiah born 4th year - - Subtract 3 from 50 = 47 AD**

**Creation Years cy3888 - cy3841 = 47 years**

**Temple Destroyed in 47AD**

**For those who insist that Olympiads were 4 year spans, 37 AD**

**Oly 187 to 197 X 4 = 40 years -minus 3 = 37 years**

**See Pages 94 to 100 for Details \*\* Julius Caesar to end of Josephus**

**James Ussher counted 70 by Linear Succession of Caesars - -**

Augustus Caesar is the Senior - there can be more than one Caesar

Octavius, Marc Antony & Julius Caesar were a Triumvirate - 3

Tiberius, Claudius & Caligula were a Triumvirate -3

**Galba** died his 2nd yr killed by **Otho** & he was killed by **Vitellius** &

he was killd by Vespasian. **Three Caesars died the same year**

**Ussher's Count** = Octavian-14, Tiberius-27, Caligula-5, Claudius-12,

Nero-6, Galba-2, Otho-1, Vitellius-1, Vespasian-2 - **Total 70**

**Page 99 has the cy3888 when Temple was destroyed by Titus**

**on the 2nd year of Vespasian & 1st year of Olympiad 197**

**Messiah was born the 4th year of Olympiad 187**

Seth was in the likeness of Adam

**Use ma years for corrected BC & AD Count**

Every Year is listed to reduce confusion

Easier to update & add events

Accurately calculate spans

Better Visual Perception of Time

Easy to compare 4-Timelines of cy - ma - BC/AD - Tal

For an improved Timeline, break each year into 2 or 3 or 4 sections

**How to Verify Jubilee (Yovell) Years**

On the Left columns Are Creation Years and Talmud Years  
 Those numbers are Identical up to 18th Jubilee in cy 3394, Tal 3394  
 That is the End of 2-Kings at the Death of Nebuchadnezzar  
 Beyond that time are only prophecies until Babylon Releases Israel  
 After Returning to the land, the years are accounted with the aid  
 of Olympiads and Seleucid (Egypt) years in Apocrypha books  
 and Josephus books and Empire books  
 All accounts RELY on placement of the 7th Olympiad  
 The calculation is in Apion 1:17 from the books of Josephus  
 Stating the 7th Olympiad was 144 years from Temple building  
 There are three stated years 144, 155, and Hirom's 12th year  
 None of these sum correctly, but cy uses 144 from Temple completed  
 Temple start cy2933, finish cy2940, Oly-01 cy3060, Oly-07 cy3084  
 Note that All Jubilees are 50yrs, & are on cy '44 or '94 or Tal '44 & '94  
 That method is consistent to Jubilee 18, then Talmud losses track  
 The Babylon time needs to follow birth of Darius to age 62 Release  
 Theorybin Creation Years places all Jubilee's on cy '44 & '94  
 If Talmud count is accurate then All Jubilees will be Tal '44 & '94

**Book of Enoch**

**Theorybin Note:** Joseph Smith founded Mormon church in 1830  
Starting about 1798, **He wrote** Books of Mormon, **Enoch**, & Moses

**Enoch** walked with God after he lived 365 years from year 0622 (Gen 5:22-24)

**Two Prophets are Expected in the last 1260 days**

**Elija** was mentioned by name; (Mal 4:5, Rev 11:3)

**Enoch** is commonly expected to be another Prophet

**Those Two Prophets (Witnesses) of the Last 1260 Days, may be of the Seven Angels that council with Yahweh at all times**

**Theorybin** sees Witnesses as **Angels**; like **Gabriel & Michael**  
**About age 30, clothed in sack cloth & working miracles**

**The Two Prophets will have the same span of time in Ministry that Yahshua had after his Baptism with John**

**They will be killed after 42 Months & rise on 3rd day**

It is unknown if they will travel or teach or if they will be well received, or stay anonymous. But they must be honored & protected by the Elect Followers of Yahweh.

A question is; will they be recognized as Prophets, or scrutinized by the current leading committees?

Speculations on Witnesses - wearing sack cloth  
 They will not be Polititians - As Polititians always wear suits  
 They will not be Military - As Military always wear Uniforms  
 They will not be High Clergy - High Clergy wear adorning garments  
 They may be of the Settlements in areas that govern themselves

The Settlements honor elequent teachers who align with Torah

Canaanite Sisera nailed through his temples by **Jael**, a Kenite (Antiq 5.5.4)

**Deborah made war** with Captain of Canaan brought rest 40 years (Judges 5:31)

**BC 1285 - James Usher stated Deborah reign BC 1285 of cy 2792**

**How to Verify Jubilee (Yovell) Years**

On the Left columns Are Creation Years and Talmud Years

Those numbers are Identical up to 18th Jubilee in cy 3394, Tal 3394

That is the End of 2-Kings at the Death of Nebuchadnezzar

Beyond that time are only prophecies until Babylon Releases Israel

After Returning to the land, the years are accounted with the aid

of Olympiads and Seleucid (Egypt) years in Apocrypha books

and Josephus books and Empire books

All accounts RELY on placement of the 7th Olympiad

The calculation is in Apion 1:17 from the books of Josephus

Stating the 7th Olympiad was 144 years from Temple building

There are three stated years 144, 155, and Hirom's 12th year

None of these sum correctly, but cy uses 144 from Temple completed

Temple start cy2933, finish cy2940, Oly-01 cy3060, Oly-07 cy3084

Note that All Jubilees are 50yrs, & are on cy '44 or '94 or Tal '44 & '94

That method is consistent to Jubilee 18, then Talmud losses track

The Babylon time needs to follow birth of Darius to age 62 Release

Theorybin Creation Years places all Jubilee's on cy '44 & '94

If Talmud count is accurate then All Jubilees will be Tal '44 & '94

**Theodora** - wife of Justinian - from Cyprus - 21 yrs, 527 to 548 AD

Rabbi Hillel II developed Jewish calendar in the year 359AD, Tal 4119

**Julian Calendar began 532AD - Replaced in 1582 by Gregorian**

**Asiguus (Exiguus)** started the BC/AD Calendar at 532AD

Supposedly 248 yrs from the start of the Gothic war of Diocletian; which was cy4230

Messiah's birth was 4th yr of 187th Olympiad, 5yr Quintennial Greek Games of the Empire

Exiguus used 4-yr count for the 187th to the 292nd Olympiad - 105 Olympiads

Olympiad 187 to 292 is 105yr error. He did not count the 293rd, because it did not finish,

Exiguus actually counted 110 years from cy4477to cy4367, then 4-yr spans of Olympiads

Adding Olympiad years was not noted in Talmud Calendar

**How to Verify Jubilee (Yovell) Years**

On the Left columns Are Creation Years and Talmud Years  
Those numbers are Identical up to 18th Jubilee in cy 3394, Tal 3394  
That is the End of 2-Kings at the Death of Nebuchadnezzar  
Beyond that time are only prophecies until Babylon Releases Israel  
After Returning to the land, the years are accounted with the aid  
of Olympiads and Seleucid (Egypt) years in Apocrypha books  
and Josephus books and Empire books  
All accounts RELY on placement of the 7th Olympiad  
The calculation is in Apion 1:17 from the books of Josephus  
Stating the 7th Olympiad was 144 years from Temple building  
There are three stated years 144, 155, and Hirom's 12th year  
None of these sum correctly, but cy uses 144 from Temple completed  
Temple start cy2933, finish cy2940, Oly-01 cy3060, Oly-07 cy3084  
Note that All Jubilees are 50yrs, & are on cy '44 or '94 or Tal '44 & '94  
That method is consistent to Jubilee 18, then Talmud losses track  
The Babylon time needs to follow birth of Darius to age 62 Release  
Theorybin Creation Years places all Jubilee's on cy '44 & '94  
If Talmud count is accurate then All Jubilees will be Tal '44 & '94
